KATEHA[®]

BULA is a handwoven wool rug with woven dots of pile emerging like bumps from the smooth surface. - The irregular cluster of dots creates a sensation of movement and gives a tactile feel when you walk on the rug. Depending on the colours, the rug is suitable for elegant environments as well as for adding a playful touch, perhaps to a child's room. The rug is stocked in the colour white. Possible to custom order your own colour combination. The ground colour is selected from Allium colours. The dots are unicolour selected from Sencillo colours.
