TRIBULUS

Design: Hans Hosak • Handwoven rug in pure new wool from New Zealand.

KATEHA

The **TRIBULUS**-series is designed with advanced weaving, in different fields of different weaving techniques using white yarn with different contrasting colours, separated from each other by fine lines of accent colours. The inspiration for Tribulus results from a visit to the Bauhaus Museum in Berlin and via a retrospect into the school book of Alwin Hosak from 1907 “Die färbige Gewebemusterung” by Franz Donat.

Tribulus One red/yellow

Tribulus Two blue/green

Other information:

- Size variations for handmade rugs +/-5%.
- We use renewable natural materials. Dye lot and yarn batch variations may occur.
- Traditionally, wool rugs have been woven on linen warp. We have chosen to weave on linen warp for stability and better durability.
- We recommend rug underlay (anti-slip): For reduced wear, improved comfort, non-slip properties and easier vacuuming.
