## **VERSO**

Design: Brad Ascalon • Handwoven rug with woven pile technique, in pure wool.

# KATEHA<sup>®</sup>

**VERSO** is inspired by the very process by which the rugs are created. The rug pattern in diagonal design has the same mathematical ratio as the colour blend in the two contrasting colour fields. The design honours with great respect the method by which colours and colour variations are combined in the rug making process, while simultaneously offering a deceptively simple, graphic gesture for the interiors in which the rugs live.
